Dear Students of Hampstead Fine Arts College,

On behalf of Kent Refugee Action Network, I would like to extend grateful thanks to you for raising an incredible £4392 at your staff vs student charity football match.

This donation will make a lasting difference to the lives of young refugees and asylum seekers in Kent. There is a growing need for support for these vulnerable people and with help such as yours, we are able to provide them with a safe, positive space, supporting them to succeed.

KRAN works primarily with separated young refugee and asylum seekers, also known as UASCs (unaccompanied asylum seeking and refugee minors). These are young people aged 16 to 24 who have arrived in Kent alone and are claiming asylum. Our work includes an education programme 'Learning for Life'; activities and wellbeing support; casework; mentoring; and youth engagement. Your donation will be put towards these services, enabling us to further our support of young unaccompanied refugees & asylum seekers in Kent, so you can be assured that much good will arise from it.

On behalf of the young people of KRAN, thank you so much again for your support and for your amazing fundraising efforts.

Best wishes,

Dr Razia Shariff
CEO
